ABOUT MYSELF

I am a motivated and detail-oriented individual with a strong foundation in both technical and financial disciplines. I have completed my Higher Secondary education with a focus on Accounting, providing me with solid knowledge in financial principles and practices. Additionally, my Secondary education in Electronics has equipped me with technical and problem-solving skills. This combination allows me to approach tasks with both analytical and practical perspectives. I am eager to apply my diverse skill set in a dynamic work environment and continue developing professionally. I am also a Laravel and Vue.js Full-stack web developer, bringing hands-on experience in building modern, responsive web applications.
